Perfect June Weather; Perfect Glen Fair

By Sharalee Flesche, Social Chair

Sunday June 2nd proved to be the perfect California day for the 53rd Annual Residents of Beverly Glen Fair. The turnout was fantastic with Glenites young and old enjoying all of the entertainment on Beverly Glen Place. The vendor section was diverse, and items from Gourmet Tea to Antique Jewelry were available for Glenites to sample and purchase. Gallery row also had an abundance of new artists this year.

A special raffle was initiated this year to assist one of our beloved Glenites, Jane Padgett. Jane has donated her time to our annual fair by entertaining us with her beautiful belly dancing. Now a Glenite in need, The Residents of Beverly Glen donated a portion of the raffle proceeds to our friend Jane. Headed by Elke Heitmeyer and Kira Palmer, the list of donations was vast and the final "take," very impressive.

- Gift Certificate from Beverly Glen Pharmacy
- 2 Gift Certificates from Amazon.com, courtesy of Barton Phelps and Karen Simonson.
- 2 Gift Cards from KIN, Glen Center Circle
- Gift Basket from BARK, Glen Center Circle

The entertainment lineup was diverse, and many Glenites took to the dance floor to shake it up a bit. Organized by our own local "Rock Star" Chris Holabird (as we call him at Beverly Glen Realty), we were treated to an awesome show. From the list of regulars to some new local talent, fun was had by all.

Letter from the President

School is IN! (big grin)

The air is HOT, the ground is dry. Yes, it feels like autumn in Southern California to me.

We have been blessed with a fire- free season here. Several factors have contributed to this, most of all keeping our properties free of dead grass, brush and wood, and pruning according to LAFD requirements. Also, we keep our eyes open for each other, as Glenites do.

I have observed a lower wildlife population this year. Have you? We saw one dear last week but have not seen any for months previously. Our owls are missing. I haven't seen a hawk gliding in a long while either. What we have seen is a rat that looked drunk, slow . . . was he poisoned? Are people putting out rat bait (poison) to kill the rodent population? Not the best solution because other

wildlife, such as owls, hawks, and coyotes, eat them. Then they are poisoned as well. Also, the Stone Canyon Reservoir project has changed the wildlife corridor; so possibly we are off the beaten path for our 4 legged friends. But the birds . . . they are my biggest concern. Where are they? Do you have bird feeders? We have two now and are adding a third. We have two bird baths as well. If you have those, be sure to rinse often and refill daily. This heat is tough on all Glen residents.

Have an excellent season! I look forward to seeing you at our Annual Meeting on October 13th.

Watch for children as you drive, and enjoy The Glen *slowly*.

Sincerely,

Tensie Palmer

BEL AIR BEVERLY CREST NEIGHBORHOOD COUNCIL (BABCNC)

by Ramin Kolahi

May, June, July and August 2013 Meetings

Operation NC Blitz (ie. Pothole Repairs)

As you may have seen, we posted the repair request form and submitted to the City, fingers crossed, the Glen gets more than its share of repairs in this area and we all know we need it. Thank you to all who submitted forms, we may not get all but hopefully get something.

Bylaws Changes

In response to Empowerment and part of an overall effort to better reflect who the NC runs currently, BABCNC made changes to its bylaws. Of significance is the Board is now made up of 25 Board members (previously was around 45) and after an authentication process of attendance, will be more of a hybrid make up of active stakeholder groups (like RoBG) and elected positions by territory as well as at-large and various non-residential stakeholders (academic, commercial, religious etc.). The Board will complete this transition over the next few months.

RoBG and BABCNC

You'll be happy to know your two RoBG representatives had some of the highest

attendance records in the NCs recent survey and maintaining very active roles (Robert as President and now Vice President, Ramin as Chair of Planning and Land Use). Beverly Glen shows its impressive role in NC including our own Emergency Preparedness Chair, Dan Palmer on the NC Public Safety Committee as well as the recent appointment of local resident Travis Longcore as the representative from the Santa Monica Mountains Conservancy. Go Glenites!

NC Committees

The Neighborhood Council is not just for Board members, various committees (Land Use, Public Safety, Traffic, Outreach) are all available to any stakeholder. A great way to get involved and help the Council fulfill its role to serve the community in its official advisory capacity to the City. For more information, email babcnc@beverlyglen.org.

Party Houses

LAPD has reported some "party houses" have emerged, homes that are not occupied and leased for commercial purposes. LAPD is looking into this issue as well as the NC Planning and Land Use to determine if this is legal, if you think you live near or next to a "party house", contact our Senior Lead Officer Chris Ragsdale at 26690@lapd.lacity.org. Remember, this is for homes not occupied and being leased regularly for parties, events, weddings, functions etc. If you have noise issues, contact LAPD dispatch at (310) 444-0701.

Important Motions

Charlie's Pantry – BABCNC supported a Zoning Variance to allow a Type 42 liquor license. Though many other tenants expressed concern about parking, was unrelated to the use but BABCNC and RoBG will look into parking issues at the GlenCentre.

Transit – BABCNC passed a motion asking Metro to prioritize the Sepulveda Pass Corridor for a transit connector. Currently, it's last in priority and only planned for bus, BABCNC encourages a transit to help alleviate 405 traffic, which many help our traffic situation and give us all a viable alternative method of transportation.

Urban Beekeeping – BABCNC supported Honeylove's (www.honeylove.org) request to codify urban beekeeping as a way to control uncontrolled hives. The motion asks Planning to study the issue.

Feel free to contact me with questions (babcnc@beverlyglen.org).

TRAFFIC

By Lawrence Imel

If you live in the Glen, you've seen it. It's there when you wake up in the morning, and it's there when you go to sleep at night. Some of you fall asleep to the sound of it while others get woken up by it. It comes in a variety of colors and generally has two speeds: very slow or very fast. I'm talking, of course, about T-R-A-F-F-I-C.

Perhaps you noticed the brief appearance of the Radar Sign as you travelled

ance of the Radar Sign as you travelled south on Beverly Glen Blvd. near Nicada this past week. We can thank LAPD Officer Chris Blankenship for arranging to have this sign posted. Unfortunately, the sign could only be left up for a few days because (1) the City has a limited number of these signs for the entire Westside, and (2) the signs tend to get vandalized or damaged if they stay in any given location for too long. Despite these drawbacks, it would be very useful if we could have our own sign to post permanently in the Glen, and I sought, with the help of Officer Blankenship, to arrange for this. Unfortunately, it appears that an engineering speed survey by the Department of Transportation is a prerequisite for radar speed enforcement pursuant to state law, which includes the purchase and installation of a radar sign. Such a survey has never been prepared for our area (hence, the reason that LAPD does not and cannot catch speeders in the Glen using radar guns), and because severe cutbacks to the City's budget have reduced the number of engineers who conduct these surveys, the DOT has been backed up for years trying to process all the requests for speed surveys. I've asked to have N. Beverly Glen Blvd. added to the list, but we shouldn't expect anything to happen on that front in the near future.

To add insult to injury, Officer Blankenship told me that his Captain no longer wants to dedicate any more time or manpower to the Speedwatch Program; so it is being disbanded. Sergeant Kunz, in the Westside office, agrees with that decision. He cited the fact that even when ROBG was active with the Speedwatch Program, he received fewer than a handful of e-mails regarding the results of our speedwatch sessions. At this point, I shall try to contact Officer Blankenship's Captain to see if he can be persuaded to keep the program. According to Officer Blankenship, there are die-hard speedwatchers in the Pacific Palisades who are going to take the discontinuation of the program very hard; so I shall contact the group in the Palisades to discuss joint efforts to lobby for the continuation of the program. There is usually strength in numbers. PLEASE send me any other suggestions.

The traffic on Beverly Glen is a constant source of concern for residents, particularly those who live within the narrower straits of the canyon where not even cars parked on the shoulder of the boulevard are safe. In the short time that I have lived in the Glen, I have witnessed just about every moving violation in

the vehicle code from my own front yard. Time and time again, I see people blatantly running red lights, taking blind bends in the road at excessive and unsafe speeds, veering into the shoulder, and crossing over the double yellow line into oncoming traffic to pass somebody who is driving within the speed limit. It's like the Wild West out here, and it will continue to be unless we all take responsibility to do something about it. We **CAN** make the situation better, but we shall only get additional LAPD enforcement if we ask our Councilman and law enforcement to make our community a priority. Clearly, they have not been hearing from enough of us; so **PLEASE**, rather than just complaining to your friends and neighbors . . .

Call the West LA Traffic Division at (213) 473-2222. Ask to speak with Sergeant Kunz, and tell him that Beverly Glen is unsafe for our families and that we need additional police presence and traffic enforcement in our neighborhood.

Call Councilman Paul Koretz's office at (818) 971-3088, and tell him and his staff the same thing. We need the City's finest to patrol in the Glen more often.

If you are interested in getting involved in traffic issues or have any great ideas for our committee, please contact the Traffic committee chair, Lawrence Imel, by e-mail at traffic@beverlyglen.org.

BEVERLY GLEN PLAYGROUP

By Julie Kolahi

Beverly Glen Playgroup is a parent-run cooperative preschool located in the heart of Beverly Glen. We occupy the Les and Dorothy River Community Center on Scenario Lane.

We offer a morning and afternoon program. Our morning program is for older children (must be 3 years old by September 1st of the school year), and our afternoon program is for younger

children (must be 2 years old by September 1st of the school year). Learn more about us at our website: beverlyglenplaygroup.org.

As a neighborhood school, we try to give priority to Glen families, but **they are not guaranteed acceptance**. All families must complete their applications on time, attend a tour and be able to fulfill all co-op requirements. Other admissions factors include the need to accommodate gender balance, siblings and alumni.

Tour dates for this year are

2013

Thursday, October 17
Thursday, November 21
Thursday, December 12

2014

Thursday, February 20
Thursday, March 20
Thursday, April 10
Thursday, May 15

Please note:

All tours occur on Thursdays

All tours begin at 9:45AM

Children are not allowed to attend tours.

Tours are subject to cancellation when it rains, please check-in or check your email prior to coming.

You can sign up for a tour at <http://www.beverlyglenplaygroup.org/schedule/sign-up/>. You may also contact us at 310.470.0992. Be sure to leave your name and phone number.

HILLSIDE FEDERATION UPDATE

By Stephen Benson

Laurel Canyon Hillside Cleanup – Emergency

A project to remove the debris from a hill/mud-slide that occurred over 8 years ago has been proposed. The project will remove thousands of cubic yards of dirt from the slope along Laurel Canyon Boulevard just north of Fountain on the west side of the street. For several years there have simply been K-rails placed in the roadside in this area. Recently this issue has been a contributing factor to more than one fatality along that stretch of Laurel Canyon. The project would require trucks to park on, or along, Laurel. The funding is rumored to be coming from taxpayer dollars. The Hillside Federation has requested more information before making a decision whether to support or oppose this “emergency” project.

Hillside Federation support for County Wide Pesticide Ban

The Hillside federation has taken a position in support of a new city law to ban the use and sale of Stage 2 Coagulant pesticides. (These types of pesticides do not kill the pest immediately which can contribute to the death of other animal(s) that may consume an infected pest before it dies.)

Millennium Hollywood

The Hillside Federation was updated on the Millennium Hollywood Project. This mixed-use project would develop 1 million square feet (2 towers approximately 56 stories high) of residential, hotel, office and associated space, including parking. This project will dramatically changing the view of the Santa Monica Mountains and have a significant impact on traffic in the area. A new discovery was that it lies directly on the Hollywood fault line. This project conflicts with the No Habitation Structure Code for seismic issues. Hillside Federation wants lawyers and geologists to intervene.

Come join with long-time Mindfulness Practitioner, Steve Abo, as the Beverly Glen Community comes together and reaps the many benefits of Mindfulness meditation. It's as easy as sitting on a pillow for a few minutes every day. Mindfulness awareness can be defined as paying attention to present moment experiences with openness, curiosity, and a willingness to be with what is. It is an excellent antidote to the stresses of modern times. It invites us to stop, breathe, observe, and connect with one's inner experience. Many leaders of Business, Health Care, Sports, Government practice Mindfulness Meditation, and UCLA has a Mindfulness Awareness Research Center (<http://marc.ucla.edu/>) that offers classes in Mindfulness Meditation as well as carrying out research in the area. Extensive research has also documented beneficial effects of this practice.

Here are 20 reasons to practice Mindfulness:*

1. It lowers stress -- literally.
2. It lets us get to know our true selves.
3. It can make your grades better.
4. It helps deal with chronic pain.
5. It could help people with arthritis better handle stress.
6. It changes the brain in a protective way.
7. It works as the brain's “volume knob.”
8. It makes music sound better.
9. It helps us even when we're not actively practicing it.
10. It has four elements that help us in different ways (body awareness, self-awareness, regulation of emotion and regulation of attention).
11. It could help your doctor be better at his/her job.
12. It makes you a better person.
13. It could make going through cancer just a little less stressful.
14. It could help the elderly feel less lonely.
15. It could make your health care bill a little lower.
16. It comes in handy during cold season. Aside from practicing good hygiene, mindfulness meditation and exercise could lessen the nasty effects of colds.
17. It lowers depression risk among pregnant women.
18. It also lowers depression risk among teens.

19. It supports your weight-loss goals.

20. It helps you sleep better.

IN THE KITCHEN WITH DIANE

We had several requests for the recipe for the salad contributed to the Fair by Diane LaFleur; so here it is . . .

Glen Fair Organic Green Salad

by Diane LaFleur

Serves 6

Salad:

Combine the following:

Enough fresh baby green lettuce for 6 people (I like the organic ones)

1 cup chopped cucumbers (I like the organic Persian variety)

½ cup chopped fresh tomatoes (heirloom if available)

¼ cup chopped fresh anise root

¼ cup chopped fresh parsley

¼ cup chopped fresh mint

2 Tablespoons of fresh thyme leaves (stem removed)

½ cup roasted pine nuts

Dressing:

Mix together 1 teaspoon fig jam, ¼ cup good quality olive oil, juice of one fresh lemon, one drop of soy sauce, salt and pepper to taste.

Top with the dressing. Toss and add salt and cracked pepper to taste.

Glen Fair Wrapup, continued from page 1

The Residents of Beverly Glen presented Chris and Rhoda Holabird matching jackets emblazoned with the goat logo as a thank you for their years of service and volunteered time for the fair. As many of you know Chris Holabird and Sarah Sanchi started the fair 54 years ago, and it has become a tradition that every Glenite looks forward to as June rolls around.

The local vendors were generous with their donations and food and drink was enjoyed by all!

- Glen Market at Crater Lane donated all of the non-alcoholic beverages
- Beverly Glen Realty donated the wine for the wine tasting table
- Fabrocini's donated a platter of delicious pasta
- Beverly Glen Market at the Glen Circle donated platters of sliders
- Beverly Glen Deli donated generous amounts of potato salad and cole slaw

It takes a lot of hard work and time to coordinate the fair each year, and we are very fortunate to have people in our community that step up to help. The list is long, and everyone knows who they are. I personally thank each one of you a hundred times!

A special thanks goes out to the Foos Family for allowing our community fair to take place on their property each year; thank you Robert, Lauren and Sonny Foos.

Mark your calendars and save the date for the Annual Meeting on October 13th from 2pm-4pm. There is a lot going on in your community; come get involved!
